The intent of Critical Mass Norfolk is to demonstrate that there is a significant number of people who desire a safer, more bikeable Norfolk.

Critical Mass is also a fun way to ride with the security of others on roads that can be hostile alone.

Riders are encouraged to follow state traffic laws.

Courteous Critical Mass Tips:

1. Ride no more than two abreast on 4 lane roads, taking up the right lane.
2. Ride single file on 2-3 lane roads so as not to interfere with traffic flow.
3. And as always, Be Courteous!
