### Volume 1

#### -The Zemo Volume 1 #1-100, 4 Seasons, Annual, and Special-

*Zeia, a teacher of the private school, is unable to overcome her fears and to move on through the horribly the ends of the worlds event. She decides to accept her teammates' wish and follows the promising words as they sacrifice their life to give her far away to the future for her purposeful future plan as a teacher.*

*An English ambassadress, Lady Kelly bears to witness an alien heroine through a legendary myth from the secret unity and feels the necessary to follow the duty for the unity before anything would go bad for an alien. She is probably the best choice by the unity in acknowledging that she can finish the job, clean the mess, and make things smoothly with the power of a diplomat. She wonders why the unity wants an alien in the United States of America because of she lacks the knowledge thereof of that the unity knows the law of immigration in US protects the alien without being questioned and being invaded its privacy.*

*She brings her daughter with her, contorts and escorts her from Europe to U.S. by asking her to try and talk to a new alien friend if see anything helps the alien friend any comfort. Her daughter, Michelle, feels strange and suspects of her mother's mystery connection. She accepts her mother's wish and willingly talks to her new friend as if she is okay with a situation.*

*From the very beginning of the mystery secret unity meeting, these people keep them distance from Kelly and hides their ideidencation from her. One of those mystery secret unity assures a lady that this is the best chance and opportunity we can give to her and it will be done at their final meeting. Other tells her that we are very sorry for making you confused why we make you do it and we owe you. But it is not good if we should do it and it should be safer if you do it for us and for alien's safety from the worlds. We do not know how to communicate with an alien. If we had known where she lived, we would be honored to bring her a sweet home. This alien is not communicating at all and might have been through a lot,of pain. This alien saved the Earth. That is why we want to give an alien something what she wants.*

*That is a part of little known story of an unity known to Kelly. As Kelly realizes what is going on with a situation, she has to do something in an order to keep an alien safe and turn in her a citizen under her power.*

*In the land of the U.S.A., she calls an unity to see if they are okay with her idea of giving an alien what she wants. The unity tells her that her idea is fantastic as they really want something like that.*

*She thinks it is undetectable as it should be well-secured place, but it seems not. This idea is the only best option than any worse case scenarios all the world that she could possibly have thought of.*

*What is the government or agency doing in following, stalking, and spying on a lady in this place?*

*Since nobody knows if anybody knows the secret existence of a place and her? Nobody knows a thing but only the secrets are known to the unity and ambassadress.*

*Obviously someone sees an alien before and fails to capture it because of this unity is there.*

*Could it be one of these agents of the unofficial agency? Probably.*

-----

*After that, a lady ambassadress disappears suddenly as she seems to know someone has been following her since boarding on an airplane and attending or exiting at the European building. Then she returns to US by avoiding the past following trials where she went once. She sends her husband some secret codes through the devices by letting him know that he can talk to her daughter and let her know what is going on and stay a low profile.*

*Since Zeia has been developing the developments in doing the teacher at the private school, Michelle does not have to stay here all the times while she has some times to learn a few a low key places. Kelly is running a program in which she starts funding a fund in US. She is accepted by the US government as a liaison and has a reason in doing it in spying on a fewer agents following her and alien's place at its limited perimeter.*

*Something goes wrong when an agent is breaking in Kelly's secret base. Agent has no idea what is in there. Nobody knows what happened to an agent or fewer agents. Nobody knows what they are doing in there. A little known about how she is caught in trouble with a suit or even a void at the secret computer database system or little science laboratory. She tests if they can. Then she seems to keep it as a distraction for anyone to enter as it is a test to her. She has actual base somewhere secured since no agent has breached her base since the beginning.*

*She has been working on following a law and code from US government as a liaison while she is eligible to a sanction. She is also working on being legalized and lawfully allowed to use the clearance yet. When she gets approved and appointed by the US government by a letter in a top confidential mail only addressing to her, she is allowed to establish her own new program in the sanctioned agency in which is known as the O.E.A.U.I.*

*She has been appearing on a lot of meetings at US liaison buildings and giving a few speeches by earning the credits to U.S. government for get legalized to run legal agency. She has to learn and know the rules and programs before she starts running a new agency.*

*She chooses a very few new agent selections: pre-Anite, pre-Rite, and pre-Keist in a database system. She meets a young teenage girl at the orphanage in a Europe in which makes no sense for a young girl doing on her own. That is what she likes about this interesting girl with her skill set. She decides to confront a girl about it and surprises a girl by knowing that a girl lies about she lives in an orphanage and knows the agency would have wanted her. Then another girl is a very odd about things in which is not normal and very sickly twisted mind set in a sense of mixed fighting trainings in a creative ways. This gets Kelly puzzled at what a girl might be more than a danger. She decides to meet another girl and is spooked by her while approaching. She is impressed that a girl is really good at ambushing her and planning the whole time before she comes. She asks her to join her new agency and a girl accepts. Then a unidentified boy is not matched by US government and interpol for trying to identify him as he is a person. She breaks the protocol by stealing him from US government holding facility and freeing him from them. She thinks he is not from the Earth and wants to run any test on him by making sure that he is not a human to her unproven theory. She has nothing from him and rather wants to keep him as a liability under her responsibility.*

*She has a few trusted doctors on a list: Dr. Godfrey, Dr. Krena, Dr. Parasamel for running the tests on three agents before starting a program. They've been drawing three agents' bloods for running the tests and testing these bloods if see there is out of ordinary. One problem is: no one knows what it is even though they knew it is not human.*

--

*Zavapeia Yuni "Zeia" Bismarck is an unknown full name under either an alias or a real name. Michelle has been working a citizenship paper for an alien friend as she is known as Zeia.*

*Starfox was her codename. She might have lost or blocked her memory from a tragedy.*

*Michelle has been trained an alien not to be said things and names that she knew once. She made sure that an alien knew her name and said things that makes her sound more like American ordinary female.*

*From the past in her life, she was known Starfox for years.*

-----

*The students of the private school under a teacher Zeia in a list:*

*Leah is only first name appearing and known to Zeia. (Those two were there knowing about an alien saving the Earth and wanting their daughter, Leah to go school and live in a dormitory all the times) Unbeknownst to her, both parents of her sends their daughter to a school without being seen or met Zeia. Leah is told what her parents said to Zeia that Leah is a new student of your new school. (Both parents might be a part of an unity or see what happened to an alien)*

*Taffy is a first codename appearing and known to Zeia. (Both parents tells Kelly about their daughter going to a school and wants her to understand that her daughter must not be tested or questioned about her genes and real names as Kelly tells Zeia that.)*

*"Patient Joe Pal" is later known as a Dan under a missing boy from a school with his name--Danny under the doctor's care. A doctor makes a deal with Kelly by sending him to a school and willingly helps Kelly what she needs with a degree of a doctor.*

*A boy finally arrives on the land of the US and finds a school in which her parents give him and his siblings a direction to a school in no time to explain when they are in trouble with the European agency. He informs Zeia that one of his siblings is kidnapped and two of them is running away, and they are supposed to be at the school with him. He gives his name Rembrandt "Remy" Redd.*

*The mystery agency has a few agents followed an ambassadress to the place and unsuccessfully contacts with few agents. A director gives the agency a direct order to back off the perimeter and tell them to keep the eyes on any activity of a school area. A director asks a scientist to experiment a test subject, start a program in which is later known as the Deadly Living Lethal Weapon Program by turning a subject into a killing machine agent, and put an implant on a subject if a subject did not obey the command and she will die. A director sends a subject to join the school and spy on the school for the agency. Her codename under the Deadly Living Lethal Weapon Program in the agency is addressed and named in an abbreviated name of a Chameleon as a Chale by a scientist and as an Agent Chale by a director.*
