**SENT VIA FACSIMILE AND U.S. MAIL**

Dear Mr. Roosevelt,

Over the past few weeks, I have had many constituents contact me with their concerns about the closure of Schenley High School and the restructuring of other schools in the city that would accompany this action. In order to adequately address their concerns and answer any further questions that they may have, I am requesting the following information from you:

1. A detailed cost analysis of the renovations and repairs that would be necessary to reopen Schenley High School in the fall of 2008.
2. A detailed cost analysis of the improvements to other facilities that would be necessary to accommodate Schenley High School students if it does not reopen.
3. The availability of sports and extracurricular activities for students who will attend Specialty Schools if Schenley does not reopen.

I would also welcome the opportunity to meet with you to address these issues more fully. Thank you for your time and I look forward to hearing from you.

Kind regards,

Chelsa Wagner
