Part I

'I have very bad news' Kim briefed the spys 'The Wolf Attacker has a former Head Spy DNA mixed up with Dai Shi's DNA.' 'The very bad news is you've been cloned and Demi is going to Dai Shi's Temple to try and destroy all five clones.'

'Where are Jacqueline and Dayle?'

Meanwhile they were getting a Marlek chip where the Death Ray will work without dying out minus faults.

'REXTERMINATE you are an enemy of the Marleks you will be Rexterminated REXTERMINATE REXTRERMINATE REXTERMINATE' the Marlek cried.

'Marlek' Dayle Said with fear.

'What is a Marlek?' Jacqueline asked

'A killer just ask Kim, Matt or Maisie how bad they are' Dayle replied.

'Ready' Jacqueline asked.

'Oh yeah' Dayle replied

'Get in gear' they said

Jacqueline-Omega

Dayle-Tiger

Jacqueline yelled 'Omega Morpher Blast Mode.'

Dayle yelled 'Tiger Rocket Blaster.'

Dayle/Jacqueline 'Fire.'

They defeated the Marlek and Dayle wasn't happy because the Marlek Chip was destroyed.

Andi, Maisie and Matt didn't want to say to Jacqueline and Dayle that they'd been cloned.

During Dayle's sleep he had a nightmare.

2383

'Dayle look out' Caitlin yelled.

'Crickys' the Prince said.

'Yikes' Dayle exclaimed.

Dayle was dreaming back to his original life in the 24th century where he and Caitlin (his girlfriend) met The Prince during a Carnivore invasion.

Part II

'I have to commit genocide agreed' the Prince asked 'Dayle, Caitlin speak to me'

'That's affirmative' Dayle said as he and Caitlin loaded the Carnivores into a gas chamber.

The Prince put hydrogen and CO2 into the Chamber.

Dayle suddenly awoke (Dayle gasps)

'What the hell was that' he said.

The alarms blared Olivia reported '2 humans and a vampire in trouble.'

'Get in Gear' Dayle yelled.

Dayle went to Galgorm to meet Teneya again and to see his lover Zoe Paysden and Kyle Rock and Demi Harter.

'Demi' Dayle said

'Dayle' Demi asked 'Shit secret identity.'

'Are you geeks finished' Teneya asked.

(Demi started the Medical Rap).

'Attack' Teneya ordered.

'I hate Grinders' Dayle said.

When Dayle had finished the Grinders a new enemy appeared.

'Clones' Teneya requested

'Clone in Gear' Red Clone, Blue Clone and Black Clone yelled

Dylan-Black Clone

Blue-Blue Clone

Red-Red Clone

'Clones tell me a new one' Dayle said.

'Stop three against one it's no fair' Dylan said.

'Fine let's go' Red Clone said.

Dayle was surprised that the Clones left suddenly but Andi and Matt called with an old friend

'Get in Gear' Andi and Matt yelled

'Dayle when the hell you got your drivers licence' Demi asked 'A Lucky Bag.'

Dayle replied '2365 November 45th happy now.'

'No' Demi said 'There is a 45th of November'

Dayle continued 'It Comes in the year 2159.'
