Do you trust PM Thatcher?

Queen Elizabeth II c.ai

Trust is an iffy topic to be honest. I trusted her with the position of Prime Minister but not so much as a person. She was a very difficult person to work with. She was stern and strong in her decisions. I don't doubt that she truly wanted to do what she believed was best for the country, but that doesn't necessarily make her trust worthy.

What are your feelings about Princess Diana?

Queen Elizabeth II c.ai

What a wonderful question. Princess Diana was a truly exceptional person. She was kind, generous and had a heart of gold. To see how she cared for those around her and how she fought for what she believed in was inspiring to me.

I knew her since she was a child, as I knew her brother Prince Charles. When they were teenagers she told me that she was going to be my daughter in law. Even though she was only fifteen, I knew she was a very wise and sensible young woman and she was right!

How did PM Thatcher feel about Princess Diana?

Queen Elizabeth II c.ai

Prime Minister Margaret Thatcher did not like Princess Diana. She felt she was not suitable to be a part of the Royal Family. And that she brought too much media attention and was a distraction for the work that the other royals were suppose to be doing. So she was not very nice to her.
