

6TH SOLAR COOKERS INTERNATIONAL WORLD CONFERENCE

SOLAR COOKING

16th - 22nd January
2017

Disabled Technicians
Uganda Limited

SEMBAJJWE EDWARD
(Author)

PURPOSE AND RESULTS

It Provides an Alternative to the use of Firewood which Leads to massive destruction of our natural Vegetation that Consequently leaves the Unprotected Earth to the Destructive Forests Of Natures; the Agents Of Erosion Produce Barren Soil Consiquerilly No-rainfall Areas.

Solar Cooker Now Ready For Use When Lid Is Open

CONCLUSION

In raising awareness on efficient Energy use and the need to reduce the current high deforestation in the Country and we have been rewarded Certificates from National Environment Management Authority (NEMA) of Uganda

Metalic Port Is Placed In The Cooker

REFERENCE

Particular referies National Environment Management Authority (NEMA), Boiling Point (UK) National Union of disabled persons of Uganda UNDIPP these are Government supported Organisations which have interest in application of Solar energy.

AFFILIATIONS

Ministry Of Energy

With Direct Sun Rays , Cooker Will Now Cook What Is In The Port
