Cooking with the Sun

Afzal Syed, an award-winning volunteer with Solar Cookers International, will set up a variety of booths to demonstrate how solar cookers are built and work. Food will be cooked and made available to the public for tasting. The focus of the event will be on how to make a variety of simple home-made solar cookers.

This event will be held in the courtyard between the Chinn Park Regional Library and the Aquatics and Fitness Center.

Sign language interpretation is available if requested at least three weeks in advance of the program date.

When you visit the library or attend a program, we may be taking photos or video for marketing purposes, including possible posting on the Internet and to our social media sites. Please notify a staff member if you do not want your image to be published.
