Solar Oven

1.Product Function

There is no fire of coals
100%sunshine

In horizontal pipe

Characteristics of cooked food Let outdoor food more fun!

Enjoy the European and American sweet flavour of very hot heat!

No flame lampblack, can cook delicious food in the open air!

2.Product Structure Principle

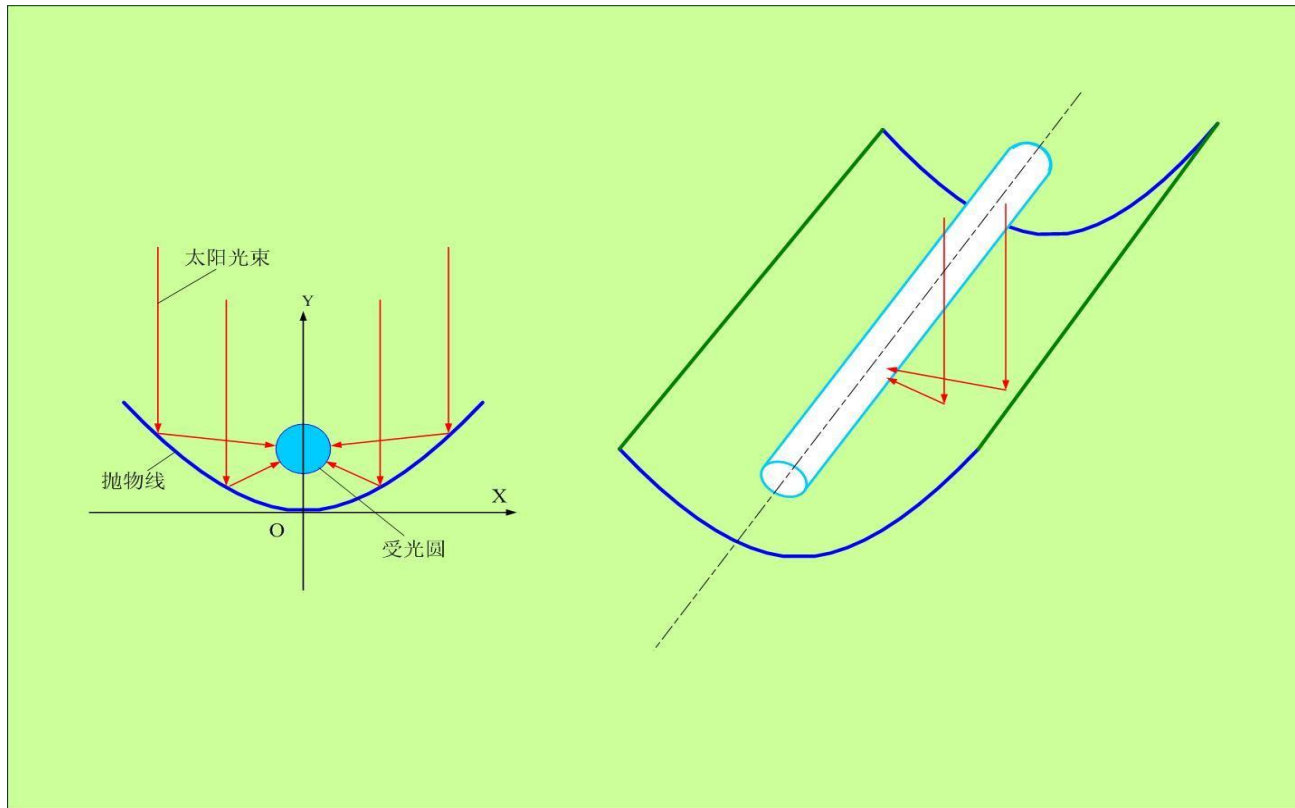

Product technology principle : Solar thermal power generation

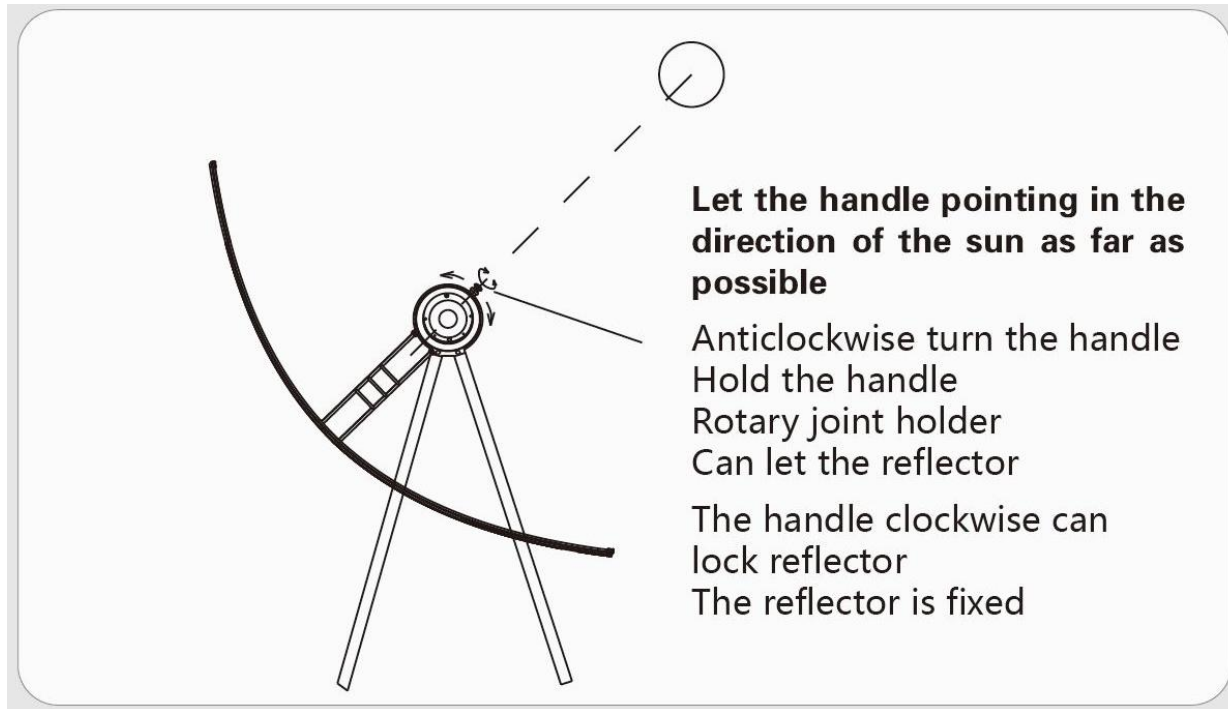

400°C

300°C (Household electric oven 250°C)

Focus sunlight to the wall of pipe vacuum, the light absorption layer of light energy is converted into heat. High vacuum insulation, so as to achieve above 300 °C high temperature.

Reflector global unique can rotate around the tube, tracking the sun

3.Product Features

(1) Use

Horizontal tube
baking, is convenient
to take and put food

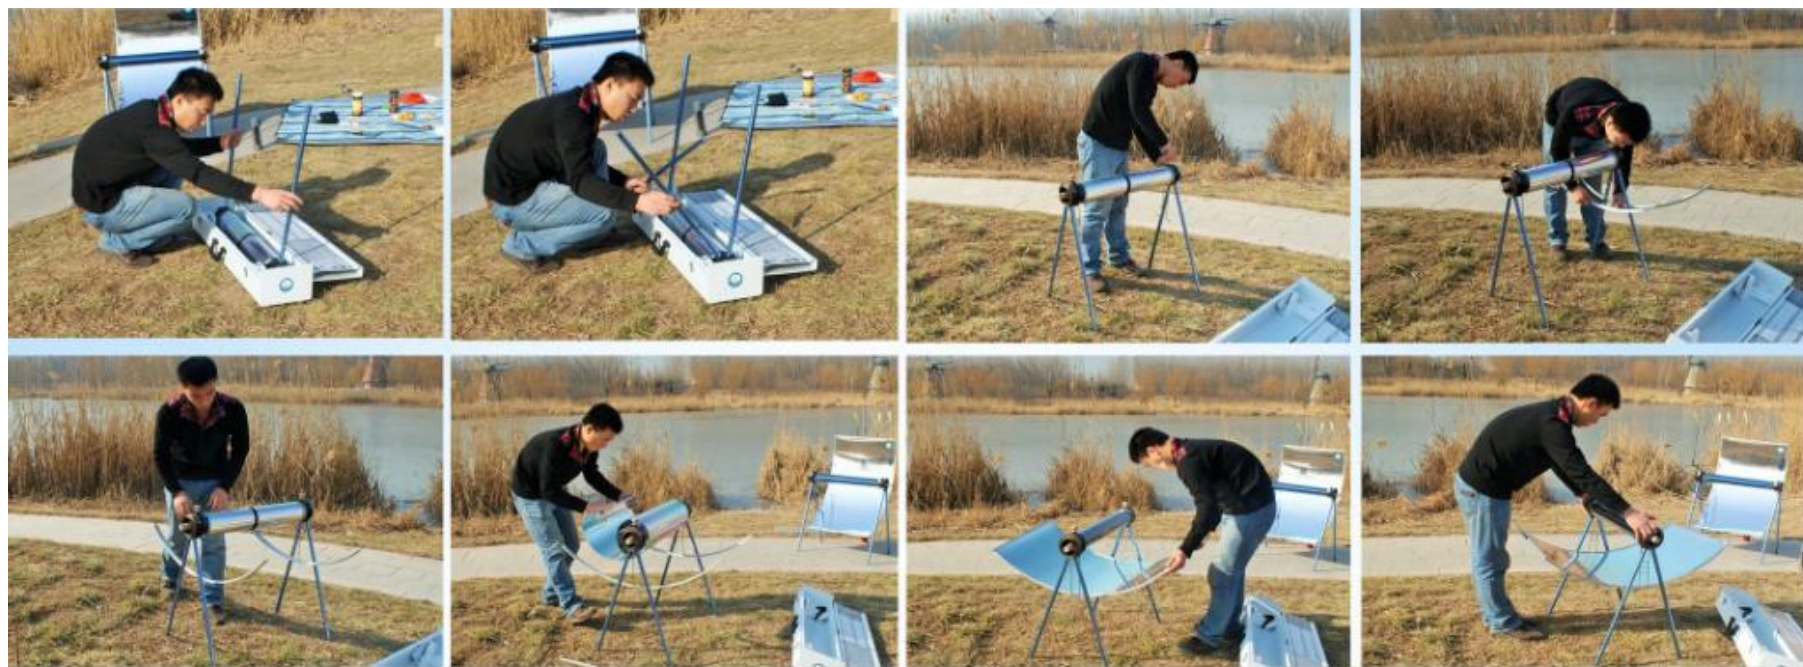

Ceramic coating. High temperature resistant to 500 °C , Easy to clean.

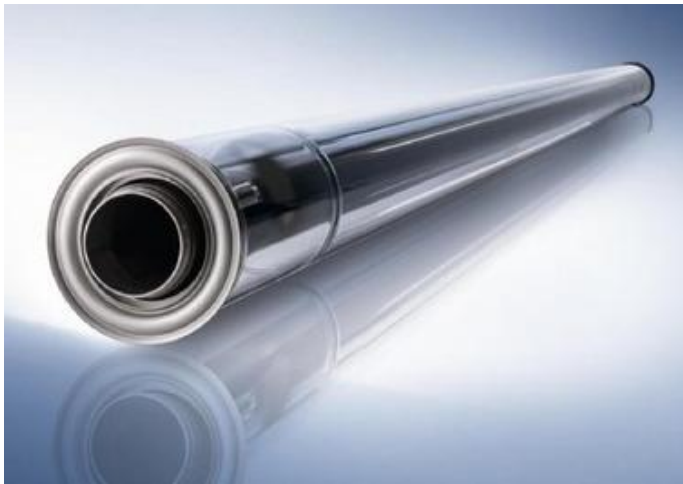

Wooden handle, no protective
lacquer coating

Details: wood insulation gasket
Cover up and down two
leaking hole, exhaust, leaking

(2) Security

Inner tube for food-grade
SUS304 metal thermal collectors

To avoid the common glass tube
easily burst situation in high
temperature above 200 DEG

(3) Carry

9.5Kg

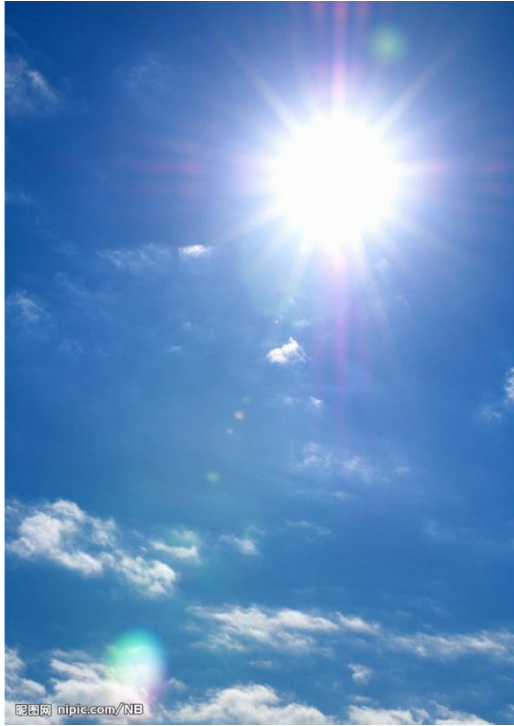

Detachable design complete
Only one 1*0.22*0.16 meter box to carry it

(4) About the cooking time

					
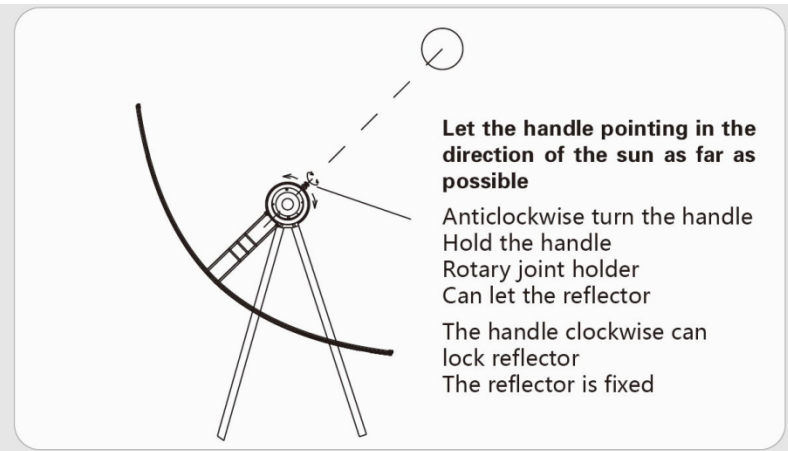

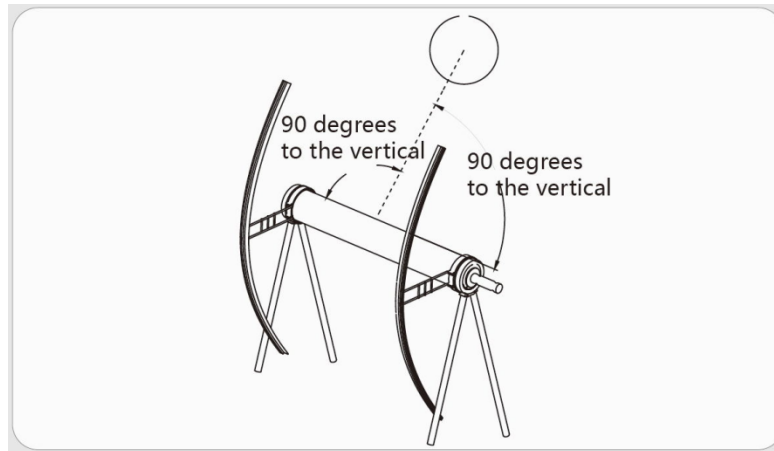

Fine ham	The flesh of flake	Baked eggs	Steamed seafood	Steamed green corn	Roasted vegetables
5~10min	10~15min	10~15min	15~25min	25~30min	15~25min

Food reference dosage: 300g sunny day

(5) Attention

The better sunshine, the more effect. The western region, West Europe and the US, and Australia effect better

It's best to keep the sun is right to oven. The best effect, general 10~15 minutes at a time can be adjusted

4.Product Specifications

model	The outer box	Roast tube diameter	Roast tube length	The net weight	
GS-86G		8.6cm	74cm	9.5Kg	
GS-86B		8.6cm	74cm	9.5Kg	
GS-86R		8.6cm	74cm	9.5Kg	

5. About the intellectual property rights

This property has access to the core components and the whole machine's patent, invention item is accepted, the real new binomial has obtained the certificate

This product belongs to new categories in the whole world, So it can't or don't need to make the product certification.
