[6:11 PM] <Redemption> It'd be easier if we had a tab like function with the sources like we had with the licensing
[6:11 PM] <Nightmare> Yes
[6:11 PM] <Cull_Tremayne> And I'm sorry for the stupid abbreviation

[6:11 PM] <Imperialles> Good article serving as peer review (stricter criteria), featured article would mean "featured on the main page," whereas "Good article" would be the mark of quality.
[6:11 PM] <riffsyphon1024> yes malak
[6:11 PM] <Huntster> true. there are other options, though. Drop down box with broad subjects. something, anything...
[6:11 PM] <Jwebb13> I may be jumping ahead, but does QOTD stand for, other than "Queen of the Damned?"
[6:12 PM] <whopper_> yea
[6:12 PM] <Imperialles> Featured articles chosen from the pool of Good articles.
[6:12 PM] <AM88> LET IMP SPEAK!

[6:12 PM] <pdandy1994> h/o brb

[6:12 PM] <Imperialles> That way we separate front page content from the article review

[6:12 PM] <Imperialles> Yes, Havac. I propose we change the Peer review site.
[6:12 PM] <jSarek> Imp: what then about the shorter articles that our current Good mark is for, that aren't featured quality simply because there's not enough info to make them truly of that level?
[6:12 PM] <pdandy1994> yeah lets have a fa day
[6:12 PM] <riffsyphon1024> that seems like too much for one a day

[6:28 PM] <Atarumaster88> what's the matter?

[6:28 PM] <DarthOblivion> Is it my computer or did everyone just post at once?

[6:28 PM] <Ineedaname> I don't trust the idea of using Hyperspace content, unless we're just posting a summary of a story there or something

[6:28 PM] <Thefourdotelipsi> Alrighty - exclusive content is a big no-no, but things like telling people what the next WTS is is OK.

[6:28 PM] <Nightmare> Hyperspace? What's the problem? You have to be a mber there anyway...

[6:28 PM] <DarkSpork> Unless it's something available from another source, like the game concepts earlier this year.

[6:28 PM] <Jack_Nebulax> Stupid lag...

[6:28 PM] <Imperialles> we should establish a policy of using absolutely no exculsively-Hyperspace content AT ALL.

[6:28 PM] <LtNOWIS> My take on Hyperspace content: We shouldn't post any images from the "Gallery of images" features, because the whole point is that you pay to see the image.

[6:28 PM] <Cull_Tremayne> Yes, I can see us getting into a lot of trouble

[6:28 PM] <riffsyphon1024> just summarize hyperspace

[6:28 PM] <RoronCorobb> huge...lag

[6:28 PM] <Commander_Jake> I personally believe we should keep Hyperspace stuff. Star wars fans shouldn't pay for SW stuff. Luvas has enough money already.

[6:28 PM] <Malak501> Hyperspace content no good

[6:28 PM] <Havac> I'm okay with including hyperspace information

[6:28 PM] <Malak501> ban it

[6:28 PM] <Malak501> or delete it

[6:29 PM] <VladiusMagnum> You should still use it if its canon

[6:29 PM] <LtNOWIS> But if it's a crop of something from a webcomic, I don't see the problem.

[6:29 PM] <Atarumaster88> what about legality issues?

[6:29 PM] <Cull_Tremayne> Jake, sorry we can't do that

[6:29 PM] <DarkSpork> They DO send out C&Ds for Hyperspace

[6:29 PM] <Huntster> Indeed. Usage of Hyperspace material could constitute copyright violations.

[6:29 PM] <jsarek> I think we figured that single frames from the webcomics were fair use.

[6:29 PM] <Havac> No wholesale inclusion of content

[6:29 PM] <Thefourdotelipsi> Crop of something from webcomic = OK

[6:29 PM] <VladiusMagnum> I guess so

[6:29 PM] <Huntster> especially images.

[6:29 PM] <SillyDan> jsarek: that's what I always thought

[6:29 PM] <Adamwankenobi> The actual content shouldn't be included. But if it is information, we can paraphrase it.

[6:29 PM] <Malak501> images are good

[6:29 PM] <Jwebb13> well, if the hyperspace content doesn't fall under canon or add anything valid, then I vote in favor of banning its usage.

[6:29 PM] <Malak501> dont delete those

[6:29 PM] <Cull_Tremayne> So then how about a crop of a colored AJ pic?

[6:29 PM] <JainaSolo> You mena like stories, images, etc.?

[6:29 PM] <Imperialles> If she says don't use Hyperspace content, we shouldn't.

[6:29 PM] <riffsyphon1024> no reason to display plot in comics, only show item within them

[6:29 PM] <JohnMithic> using hyperspace only material might be some sort of crime

[6:29 PM] <SadrielFett> I see no reason why we can't use Hyperspace content.

[6:29 PM] <Malak501> yes so do i

[6:33 PM] <Angela> I've been talking to whiteBoy about Wikia supporting Celebration IV by donating wookieepedia merchandise (t-shirts, leaflets, stickers) and paying part of the costs of renting a booth there (which is at least \$1300). Money still needs to be raised for wookieepedians to travel to the event though, and for the rest of the booth costs (perhaps half)

[6:33 PM] <Havac> limited crops that aren't the whole image

[6:33 PM] <Thefourdotelipsi> I would be at C4...if it wasn't for the vast amount of water between here and it.

[6:33 PM] <DarkSpork> They come out in the Insider. I think Insider stuff is kosher.

[6:34 PM] <Angela> Assuming wikia would pay for half the booth costs plus the merchandise,
you still need to raise the rest of the costs. There are two ways to do that -
[6:34 PM] <Angela> you can either have a fundraising drive, have a donations link, and
create a PayPal account, or you could add graphic ads to the site for a month (just images,
not pop-ups or Flash) and wikia would donate the difference in revenue between the normal
text ads and the image ads to this event. Which would you prefer?

[6:44 PM] <AM88> On all pages or just forums or just articles?
[6:44 PM] <SillyDan> If some bizarre fact is only in one obscure source, or requires further explanation, a footnote is useful
[6:45 PM] <SillyDan> on articles, that is
[6:45 PM] <Imperialles> Yeah, what Dan said.
[6:45 PM] <Herbsewell> how often would it be used?
[6:45 PM] <Imperialles> That, and in BTS sections.
[6:45 PM] <VladiusMagnum> right
[6:45 PM] <Huntster>, certainly, given that for direct SW material, we just reference the article of the book in question.
[6:45 PM] <Thefourdotelipsi> Please not in Bios
[6:45 PM] <riffsyphon1024> depends on the info
[6:45 PM] <SillyDan> why not in bios?
[6:45 PM] <AM88> That may need another Wookieeproject to do all that work
[6:45 PM] <Havac> Footnotes for further explanation is fine, though I get a feeling they're either going to get underused or way overused
[6:45 PM] <Cull_Tremayne> would references contain where certain info is from? Such as a note on Fett's sarlacc revival, linked to Marvel comics, etc.
[6:45 PM] <Imperialles> No, Cull
[6:45 PM] <Huntster> SillyDan, unnecessary in bios, given that it should only come from SW universe sources anyway.
[6:45 PM] <riffsyphon1024> more so for BTS and other notes that dont have reference books
[6:45 PM] <Nightmare> Sorry, I was in the bathroom. what is the topic?
[6:45 PM] <Imperialles> It would only be used where info is gathered from a web page.

[6:46 PM] <Thefourdotelipsi> Because having a little "1" halfway through a bio is damn annoying, and if we start adding it to bios, it'll be a precedent for it to spread right through every article on wookieepedia
[6:46 PM] <DarthOblivion> what's with the lag? I had to quit and rejoin. what's the topic?
[6:46 PM] <Nightmare> what is the topic?
[6:46 PM] <VladiusMagnum> EXACTLY

[6:46 PM] <Huntster> look at the topic message?
[6:46 PM] <VladiusMagnum> thank you, elipsis

[6:48 PM] <Thefourdotelipsi> Yeah, it's going to be messy anywhere else.
[6:48 PM] <Imperialles> See how it's used in the Revan article:
[6:48 PM] |<-- RoronCorobb has left irc.freenode.net (Remote closed the connection)
[6:48 PM] <jsarek> Theoretically, every article should be sourced line-by-line.
[6:48 PM] <Imperialles> to source the commercial image
[6:48 PM] <LtNOWIS> only for relatively long BTS sections
[6:48 PM] <AM88> Imp:Still, that's because Revan is so controversial, like the Exile or Jaden Korr
[6:48 PM] <jsarek> I'd love to see that, but I don't think we have the intestinal fortitude to actually do it.
[6:48 PM] <Cull_Tremayne> Hmm.. on wikipedia at least, they sometimes cite real-world articles, such as from newspapers and books, could this be implemented for certain articles in the same fashion?
[6:48 PM] <Darth_Culator> jsarek: Ideally, yes.
[6:48 PM] <Thefourdotelipsi> And only then for the really dubious ones. Like Max (rabbit)
[6:48 PM] <JustinGann> sourced line by line?

[6:48 PM] <Thefourdotelipsi> Yeah.
[6:48 PM] <Darth_Culator> As I said, probably needs a CT thread.

[6:49 PM] <Huntster> The other question is how to deal with those references...just a link, or use some official MLA or APA format?
[6:49 PM] <JustinGann> i dont recall encyclopedias with footnotes
[6:49 PM] <riffsyphon1024> because wikipedia's been filled with false info
[6:49 PM] <Thefourdotelipsi> wikipedia does
[6:49 PM] <JustinGann> just bibliography on end
[6:49 PM] <jsarek> wookieeperial: No, but most encyclopedias are compiled by experts and can't be edited by some random fandom yahoo.
[6:49 PM] <SillyDan> no MLA APA or NWA formats, please
[6:49 PM] <Imperialles> It's simply a section for information gathered from web pages instead of published sources
[6:49 PM] <VladiusMagnum> WE are NOT wikipedia
[6:49 PM] <Ineedaname> False info's usually easy to find on Wookieepedia
[6:49 PM] <AM88> Imp: ok then
[6:49 PM] <jkw100> surely it cannot be only applied to one section of an article, it either has to be universal or not used, I would opt for not used as there is so little diversity amongst the sources used it is probably already covered sufficiently by the mentioned/referred to section at the foot of most articles
[6:49 PM] <riffsyphon1024> find some
[6:49 PM] <SillyDan> author, title, link, and that's all we need
[6:49 PM] <Cull_Tremayne> Imp: Thanks for that, twas confused
[6:50 PM] <Huntster> SillyDan, works for me.
[6:50 PM] <Havac> Footnotes would be professional in the articles, and make it easier to find sources, but it would be hard to apply.
[6:50 PM] <Thefourdotelipsi> Yeah, that's good. But, I must stress, only for BTS.
[6:50 PM] <Nightmare> YES

[6:52 PM] <jsarek> LtNOWIS: This is a bad example. ;-)
[6:52 PM] <Ineedaname> we could just change the flashing Mofference sitenotice to advertise IRC when we're done :P

[6:53 PM] <VladiusMagnum> Maybe we should have these meetings more often, and a notice on the senate Hall page though so its not overwhelmed
[6:53 PM] <riffsyphon1024> thus adhoc
[6:53 PM] <Havac> I think it's just a matter of getting people in the habit of logging onto IRC

[6:54 PM] <JustinGann> i think its actually less confusing when less people show up

[6:58 PM] <VladiusMagnum> What specific powers?

[6:59 PM] <sannse> deletion, banning, protecting pages, editing protected pages

[6:59 PM] <Joker1138> <Joker1138> Hi
[6:59 PM] <Angela> The English wikipedia has desysopped less than 10 people in the whole 5 years it's existed, so there might not really be a need for this unless some admin goes crazy and really needs to be removed.
[6:59 PM] <sannse> (I'm sure I've forgotten soemthing in that list)
[6:59 PM] <Cull_Tremayne> YES! YOU HAVE COMMITTED A MORTAL SIN! PREPARE TO BURN!

[6:59 PM] <Thefourdotelipsi> A young Bureaucrat name Riffsyphon1024, who was a pupil of mine until he turned to evil, helped the anons hunt down and destroy the Sysops.
[6:59 PM] <Imperialles> I know Angela. However, this helps promote trust in the admins, no?
[7:00 PM] <SillyDan> sannse: having random idiots call you gay. I think that's it. 8)
[7:00 PM] <jSarek> what about the same procedure as an RfA? Same voting requirements, etc.?
[7:00 PM] <jkw100> has a need arisen for this so far then
[7:00 PM] <VladiusMagnum> lol
[7:00 PM] <Cull_Tremayne> I agree, there doesn't really need to be a policy at this time does there?
[7:00 PM] <Havac> Still, better to have a regular policy in place in advance than be caught with your pants down when you need it
[7:00 PM] <Thefourdotelipsi> Riff was seduced by the dark side of the wookie(e).
[7:00 PM] <jkw100> if it is so rare is this a discussion that needs to happen?
[7:00 PM] <Herbsewell> well some admins are nutjobs
[7:00 PM] <jkw100> ?
[7:00 PM] <sannse> SillyDan: of course, an important part of the job ;)
[7:00 PM] <Adamwankenobi> :S
[7:00 PM] <Angela> Imperialles: I think desysopping people will lead to power struggles, not to more trust.
[7:00 PM] <riffsyphon1024> the only person close to desysoping was kuralyov
[7:00 PM] <geniece> Angela only sometimes
[7:00 PM] <Herbsewell> Like the Republic
[7:00 PM] <DarthOblivion> what about riff
[7:00 PM] <Imperialles> Maybe. =)
[7:00 PM] <Bub> we don't really need a desysop policy
[7:00 PM] <Cull_Tremayne> Agree with Angela
[7:00 PM] <GHe> now if an admin starts deleting all the images, that's a problem
[7:00 PM] <geniece> Angela mostly it leads tyo drama then people calm down
[7:00 PM] <Thefourdotelipsi> what about the Gestapo page on Kuralyov? That's disturbing in itself.
[7:00 PM] <Imperialles> Alright, consensus seems to be we do not need a policy.
[7:01 PM] <Sadrielfett> I agree with Herbsewell. I think there needs to be something in place.
[7:01 PM] <Atarumaster88> what about bureaucrat requests?
[7:01 PM] <DarthOblivion> I haven't bee around much. What's this about Riff?
[7:01 PM] <Imperialles> Maybe we will one day.

[7:01 PM] <riffsyphon1024> this is getting off topic now
[7:01 PM] <Imperialles> Now, RFB.
[7:01 PM] <Herbsewell> Does wikipedia have a desysop policy?

[7:02 PM] <JustinGann> does that mean we nominate admins to be Bureaucrats?
[7:02 PM] <Bub> why?
[7:02 PM] <Atarumaster88> If there is a removal of sysops, should be done by voting, but more stringent than RFA
[7:02 PM] <Herbsewell> well what's the point of this discussion?
[7:02 PM] <GHe> like some other wikimedia projects, inactivity, etc. are criteria for de-admin
[7:02 PM] <DarthOblivion> I wanna be a Bureacrat yay

[7:07 PM] <jkw100> I mean presumably there is little or no budget
[7:08 PM] <Angela> ads: wikia has never paid for ads officially (though I've personally placed a few and the furry and halo communities did too).
[7:08 PM] <Angela> what wikia can do though is advertise wookieepedia on the other wikia sites, like in the "wikia spotlight" area. I'm also thinking of placing a logo there instead of the current 4 or 5 links, so you could have a wookieepedia logo appearing on every wiki, and it rotates each page view to promote another wiki.
[7:08 PM] <jkw100> so anything non electronic is probably out of the question
[7:08 PM] <Huntster> I don't see the need for ads. seems an unnecessary waste of funds to me.

[7:46 PM] <Cull_Tremayne> May want to remove that Mofference notice now.
[7:46 PM] * McEwok adjusts spangly white uniform and boogies
[7:46 PM] <SillyDan> did
[7:46 PM] <Kalo_Shin> Can we make a template on vehicles used by the mandalorians?
[7:46 PM] <Kalo_Shin> >.>
[7:46 PM] <Sikon> hmm, RFB
[7:46 PM] <JustinGann> well some people get really ticked off by conjecturally named stub vehicles
[7:46 PM] <jSarek> That's enough, Grand Admiral McEwok.
[7:46 PM] <Riffsyphon1024> looks nice
[7:46 PM] <jSarek> ;-)
[7:46 PM] <JustinGann> Valin Kenobi doesnt like it
[7:46 PM] <LtNOWIS> http://starwars.wikia.com/wiki/Template:Mandalorian_spaceship_classes
[7:46 PM] == Mode #wookieepedia +v McEwok by Sikon
[7:46 PM] <Riffsyphon1024> mofference removed here
[7:46 PM] <Cull_Tremayne> There should be a policy, I agree.
[7:46 PM] <Imperialles> Is there any objection to having RFB being self-nom only?
[7:46 PM] <Kalo_Shin> If im not wrong its missing a few.
[7:47 PM] <Riffsyphon1024> not sure
[7:47 PM] <jSarek> Okay, as long as I'm learning my IRC stuff, diff between Normal and Voice?
[7:47 PM] <Kalo_Shin> And if not that, Photos missing.
[7:47 PM] <Riffsyphon1024> most admins are happy as they are
[7:47 PM] <McEwok> lag again.
[7:47 PM] <JustinGann> and people wanted to delete any vehicle that was handmade and wasnt manufactured, ie, primitive vehicles
[7:47 PM] <Kalo_Shin> I dont like that idea at all.
[7:47 PM] <GHe> voice is for +m & other situations
[7:47 PM] <jSarek> That wasn't the dispute.
[7:47 PM] <GHe> when voice is necessary
[7:47 PM] <Riffsyphon1024> merge vehicles that dont have manufacturers numbers
[7:47 PM] <GHe> otherwise, no diff
[7:47 PM] <Kalo_Shin> People come to the page to look for awnsers and knowledge, Not for whats considered "official" and "In line with up to date standards"
[7:47 PM] <jSarek> People wanted to delete any vehicle that wasn't appreciably different from an Earth vehicle.
[7:47 PM] <McEwok> what's RFB?
[7:47 PM] <Cull_Tremayne> It seems that if you're going to put in the work...
[7:47 PM] <Bub> Requests for Bureaucratship

[7:48 PM] <GHe> for bureaucratship
[7:48 PM] <jSarek> Manufacturers was just a way of knowing there was something *new* there.
[7:48 PM] <Riffsyphon1024> requests for bureaucratship
[7:48 PM] <JustinGann> so wookieepedia shouldnt have an article on humans?
[7:48 PM] <Riffsyphon1024> no
[7:48 PM] <Imperialles> Think of RFB as applying for being a community leader
[7:48 PM] <JustinGann> i dont see why we only would catalogue things that dont exist on Earth
[7:48 PM] <GHe> so.. who's nominating who now :P
[7:48 PM] <Riffsyphon1024> but to be truthful, as an inclusionist, i want to have EVERYTHING here
[7:48 PM] <GHe> or is it mostly self-
[7:48 PM] <Cull_Tremayne> But then should there be an article about sex?
[7:48 PM] <JustinGann> it shows an important primitive side of Tatooine culture, that not everything is made in factories
[7:48 PM] <Havac> I've said it before and I'll say it again: I don't see how an encyclopedia should be trying to offer as little coverage as it can get away with.
[7:48 PM] <Cull_Tremayne> I mean humans do have sex in the Star Wars GALaxy.
[7:49 PM] <Imperialles> A sysop is just someone who's trusted with special tools
[7:49 PM] <Riffsyphon1024> everything physical
[7:49 PM] <Cull_Tremayne> It's a slippery slope
[7:49 PM] <jSarek> Justin: We are appreciably different from SW humans. Different homeworld, different history . . .
[7:49 PM] <JustinGann> we dont know that!
[7:49 PM] <LtNOWIS> My rationale was that there was absolutely nothing distinguishing say, the hand cart, from any other hand cart. But a weird-looking speeder or bulldozer is unique, and thus worthy of inclusion.
[7:49 PM] <Echo47Delta> We are?

[7:49 PM] <McEwok> Riffy - why not?
[7:49 PM] <Kalo_Shin> Exactl
[7:49 PM] <Kalo_Shin> y*
[7:49 PM] <Riffsyphon1024> for sex see List of sexual references in Star Wars
[7:49 PM] <Jacnoc> Sry I'm late. My little brother was using the computer :(
[7:49 PM] <JustinGann> remember, NEGA and SW Core Rulebook both say Coruscant is CONJECTURED homeworld
[7:49 PM] <GHe> erm.. it's kinda over
[7:49 PM] <Cull_Tremayne> Yes, but there's not an article on the act of procreation.
[7:49 PM] <Kalo_Shin> yup
[7:49 PM] <Sikon> wait, Riff
[7:49 PM] <Jacnoc> oh.
[7:49 PM] <Kalo_Shin> True.
[7:50 PM] <Riffsyphon1024> yes NEGAS says possibly coruscant
[7:50 PM] <Sikon> why shouldn't we have an article on Humans?
[7:50 PM] <Cull_Tremayne> Nor is there an article for toilets, or other bodily functions.
[7:50 PM] <Kalo_Shin> Theyre a "Canon" race in the star wars universe, so why not.
[7:50 PM] <Riffsyphon1024> i mean we do have an article that should stay
[7:50 PM] <LtNOWIS> <http://starwars.wikia.com/wiki/Refresher>
[7:50 PM] <Riffsyphon1024> im not saying we should get rid of humans
[7:50 PM] <Cull_Tremayne> LtNOWIS: You got me :P
[7:50 PM] <Jacnoc> Humans ARE in SW. It would make sense to have an article on them (eg. what their role in wars, political disputes, etc... was)
[7:50 PM] <JustinGann> well, Tatooine handcarts also have a different homeworld than Earth ones
[7:50 PM] <Riffsyphon1024> everything that exists in the GFFA that can be physically described should be here
[7:51 PM] <JustinGann> we have articles on Ewok catapults and hanggliders
[7:51 PM] <Havac> if it is canon, it deserves an article
[7:51 PM] <LtNOWIS>
http://starwars.wikia.com/wiki/wookieepedia:Votes_for_deletion/Tatooine_hand_cart
[7:51 PM] <Jaymach> and I'm much later for the meeting than I was meant to be :)
[7:51 PM] <Jaymach> but hey
[7:51 PM] <jSarek> Belated welcome, Jay. ;-)
[7:51 PM] <JustinGann> Earth has catapults and hanggliders
[7:51 PM] <JustinGann> stink hes not dead
[7:51 PM] <Riffsyphon1024> slacker :P
[7:51 PM] <JustinGann> not that i wanted him dead
[7:51 PM] * Jaymach was watching a movie :P
[7:52 PM] <jSarek> Hey Jay, have you scanned the Image Request forum you started a while back?
[7:52 PM] <GHe> "The Prestige"
[7:52 PM] <Riffsyphon1024> was it a SW movie?
[7:52 PM] <JustinGann> Stargate?
[7:52 PM] <Jaymach> it was indeed The Prestige
[7:52 PM] <Jaymach> I haven't checked it in a while, no
[7:52 PM] <Jaymach> I suppose I ought to

[7:52 PM] <JustinGann> what is that
[7:52 PM] <LtNOWIS> Ewok catapults and such have operational histories and such, but the hand cart didn't.
[7:52 PM] <Riffsyphon1024> ah explains why you couldnt leave
[7:52 PM] <Cull_Tremayne> was it good? Plan to go soon.
[7:52 PM] <JustinGann> haha
[7:52 PM] <Jaymach> it was a pretty good film, yes
[7:52 PM] <Jaymach> the twists were nice, if predictable
[7:52 PM] <JustinGann> so basically the Tatooine handcart isnt in bc its not in SW DB
[7:53 PM] <Riffsyphon1024> christian bale is the next harrison ford ;)
[7:53 PM] <LtNOWIS> And while we have articles for catapults, we don't have any for any specific catapults.
[7:53 PM] <jSarek> JG: You know that's not what's up.
[7:53 PM] <Jaymach> ah we're discussing whether or not to keep the unnamed vehicles :)
[7:53 PM] <JustinGann> yes
[7:53 PM] <JustinGann> oh well then can we have a generic wagon article to combine them?
[7:53 PM] <Riffsyphon1024> Article:wagon with types of wagons detailed
[7:53 PM] <Cull_Tremayne> Someone needs to make a Sentry nomination archive.
[7:53 PM] <JustinGann> sounds good to me
[7:54 PM] <LtNOWIS> we could have a generic cart or wagon page.
[7:54 PM] <Riffsyphon1024> i forgot how
[7:54 PM] <McEwok> #REDIRECT [[collective_article#specific subject]] is your friend. No?
[7:54 PM] <JustinGann> that sounds fine
[7:54 PM] <LtNOWIS> Like wikipedia: <http://en.wikipedia.org/wiki/Cart>
[7:54 PM] <Cull_Tremayne> Never Mind, I'll do it.
[7:54 PM] <Kalo_Shin> i like nowis' idea.
[7:54 PM] <JustinGann> ok
[7:54 PM] <jSarek> Is that before or after <http://en.wikipedia.org/wiki/Horse> ?
[7:54 PM] <JustinGann> well thats ok with me, i just thought they should be included

[7:55 PM] <McEwok> Can I suggest something?
[7:55 PM] <LtNOWIS> ok
[7:55 PM] <Kalo_Shin> Sure.
[7:55 PM] <JustinGann> although most wagons we have not seen pulled by horses so much as blurgs, Cerean draft animals, Rylothian rodents, dwebacks, and pit droids
[7:55 PM] <jSarek> Yes, as canon material, they should be featured somewhere, but probably not as a full article.
[7:55 PM] <JustinGann> ok

[7:56 PM] <Bub> Gtg, see you later, everybody.
[7:56 PM] <JustinGann> well ok

[7:56 PM] <JustinGann> prominent?
[7:56 PM] <McEwok> But there seems to be a group of people here who're also interested.
[7:56 PM] <Kalo_Shin> Ill help.
[7:56 PM] <McEwok> This would involve templates and collective pages.
[7:56 PM] <Kalo_Shin> Gladly and any day.
[7:56 PM] <McEwok> working out how to structure them best, and implementing them.
[7:57 PM] <JustinGann> ok so i take it most people dont like catalogues
[7:57 PM] <Riffsyphon1024> i got it now Cull
[7:57 PM] <McEwok> As I said before I kicked myself, for some templates a two-stage hierarchy is perhaps ideal.
[7:57 PM] <jSarek> we still got coders in here? Our first priority should be to find a way to make the pics line up with their descriptions.
[7:57 PM] <Kalo_Shin> Catalogues? so much here im forgetting.
[7:57 PM] <JustinGann> Kalo, we only have one so far
[7:57 PM] <--| JustinGann has left irc.freenode.net (Remote closed the connection)
[7:57 PM] <McEwok> So, [[Template:Mon_Calamari_ships]] becomes a big momma fish template leading to a shoal of templates for cruisers, small ships, etc.
[7:57 PM] <Kalo_Shin> That might explain it.
[7:57 PM] <Havac> yeah, I messed around trying to get the vehicle gallery to line up last night, no such luck
[7:57 PM] <LtNOWIS> I still think thinkgs like Ugnaught bulldozer deserved their own articles: http://starwars.wikia.com/index.php?title=Ugnaught_bulldozer&oldid=252318

[7:58 PM] <McEwok> Or with the list pages, we take the unnamed ships page and divide it up.
[7:58 PM] <Kalo_Shin> Cause if you see it and dont know its name, how else are you gunna find it.
[7:58 PM] <Sikon> GHe> good
[7:58 PM] <Kalo_Shin> More than un named ships would be nice.
[7:58 PM] <GHe> so which is the "official part"?

[7:59 PM] <JustinGann> Kalo did you follow the link?
[7:59 PM] <Kalo_Shin> I do have it open infact.

[7:59 PM] <Kalo_Shin> I checked it yesterday to find something.
[7:59 PM] <GHe> can I stop logging now?
[7:59 PM] <McEwok> Anyone still itsiening to me?
[7:59 PM] <Kalo_Shin> Keep talking
[7:59 PM] <Kalo_Shin> I am./
[7:59 PM] <JustinGann> McEwok, doest your topic tie into mine?
[7:59 PM] <jSarek> McEwok: Yes.
[8:00 PM] <McEwok> We can divide the unnamed vehicles page Justin just linked to... in multiple ways.
[8:00 PM] <McEwok> So we can have a grouping for cruisers, fighters, surface vehicles, etc.
[8:00 PM] <Riffsyphon1024> copy and paste always help, Cull
[8:00 PM] <Sikon> well, GHe
[8:00 PM] <jSarek> At the very least, starships should be split from vehicles.
[8:00 PM] <McEwok> And one for Old Republic, Imperial, Sith, New Republic.
[8:00 PM] <McEwok> Does that make sense?
[8:00 PM] <Kalo_Shin> what if theres history on it? would it be considered wasting space or just not putting it there.
[8:00 PM] <JustinGann> whoa McEwok
[8:00 PM] <JustinGann> thats going to far
