My misadventures in Hyrule finally continue as I attempt to recover my lost data. I apologize for my recent inactivity... That little mistake brought me down more than I expected, and I just didn't feel like playing much. But anyway, comment to stay notified of my travels. I'm not done yet, Ganon!

Yeah!

Another heart! That's one more item crossed off my list of lost things...

+ Yeah!

Well, here goes... Dungeon 5. This one gave me so much trouble last time, but I shouldbe able to do this fairly easily if I'm careful.

By the way, I'm not counting any deaths until I restore my lost progress. So I think that would put me at the beginning of level 6.

+ Yeah!

I like fairies.

I'm deciding once again to gear up some more, because those blue knights gave me so much trouble! There are some suspiciously empty areas in the top left of the map, so I'll check that out.

+ Yeah ♥

Aha!

Ha! Wasn't expecting this when I cracked into the rock! Some of the humor in this game, while it can be annoying to deal with as you generally lose money, is pretty great.

Yeah!?

I win!

Not much preparing I could do other than buying a red potion. So here we go!

Yeah!

Flute required! Now all I need to do is defeat digdogger and I think I'll be all caught up.

Yeah!

Fortunately, digdogger provided very little difficulty. And I'm guessing that I now need only one more heart to get the magical sword. So onward to the next dungeon!

THESE FREAKIN' WIZARDS!!! MY GOODNESS!!! They are way too much to deal with, and nearly nothing hurts them!

Yeah!?

Huh? Is this referencing one of the ponds?

+ Yeah!

**Logan** 08/04/2017 6:59 PM

I was trying to burn some stuff around that dead pond and nothing happened, but I began to wonder if the blue candle is actually able to burn anything, or if it can only light up rooms.

+ Yeah!

Oh!! Question answered!

+ Yeah!?

**Logan** 08/04/2017 7:06 PM

Now what's this? A book? Is is good enough that it'll take my mind off those dreadful wizards?

+ Yeah ♥

**Logan** 08/04/2017 7:08 PM

Oh. I can't even test it. Well hopefully I'll figure out its power soon...

+ Yeah...

My shield doesn't block his shots any more! Did it break?

+ Yeah!?

Late notifis!

And what Adam said. Has your shield taken a big size reduction? A Like Like must've eaten your magic shield and let you with your standard one. That won't be deflecting fish fire anytime soon... Getting another magic

shield will be a huge help with the Wizzrobes, too.

Later notifs. And what Ed said about what Adam said.
